HAMLIN, JONES COUNTY, TEXAS FRIDAY, JULY 4, 1941

NUMBER 36

Forrest Greenway Is New President of the Hamlin Rotary Club

The youngest man ever to become president of the Hamlin Rotary Club, is Forrest Greenway, who began his year's service Wednesday, July 2. His place as Secretary is now filled by Robert Campbell, another young member, and the latest one to be initiated as "father."

The program Wednesday was taken up in committee assignments, and that means nearly every one has two or more places to fill.

It might be interesting to the public to know just who is who in the Hamlin Rotary Club. There are 22 members as of July 2, namely: BOB Campbell, TATE May, Forrest Greenway, TOM Teague, JIM Harrell, EDDIE Jay, FRANK Waggoner, BOWEN Pope, IVY Witt, BOB Barrow, STANLEY Carmichael, JIM Moody, CLEM Ball, ARTHUR Albritton, CLYDE Smith, MAC Brundage, ELMER Rodgers, RAY Jones, PAUL Bryan, ELMER Feagan and IRA Clements.

The plan of Rotary is that some person in every community, where there is a club, should be asked to represent his classification. Looking back at the above list, you see no two persons have the same work in the Hamlin community. Yet there are a number of businesses in the Hamlin community not represented. This comes about, in some cases, because men who have been elected to the club have not yet had things shaped up so as to make their regular attendance. For one to hold his place in the club he must have an attendance of at least three times out of five. All this is a world-wide rule of Rotary.

Rotary is NOT a secret club. Anybody can attend one of their meetings if they care to at any time.

Norman F. Anderson Transferred to Odessa

For several weeks, Mr. and Mrs. Norman F. (Andy) Anderson, who represent the Texas Company in Hamlin as Field Foreman, have been preparing to move to Odessa, where Mr. Anderson has a similar job with the company. In Odessa, Mr. Anderson will have supervision over what is known as the North Cowden District, which is now very active in drilling and production.

Mr. Anderson began here with the Texas Co. when Hamlin's first well on the Stephens ranch came in, and that was in 1928. They had a nice home in Hamlin, the Arnett place, which this week becomes the property of Mr. and Mrs. Ball, Agent for the Santa Fe.

Mr. and Mrs. Anderson have built up a fine friendship in Hamlin, and everyone who knows them wish them all success in their new field. They will have a new home in Odessa and comfortably situated.

many, Italy, Japan, and Russia, Rotary, like many other clubs, is not allowed to function. Because friendship and fellowship (Internationally) is frowned upon, with suspicion.

Hamlin Rotary Club meets at the Morgan Hotel every Wednesday at 12:15, and adjourns at 1:15 P. M. If a member in any neighboring club fails to meet with his own club, he has a chance to go make up his attendance somewhere else and this places Hamlin in a favorable position to have Rotary guests from Abilene, Stamford, Sweetwater and Rule. Rotary members always foot the bill for their own meals. Hamlin is noted for having the top dinners and sometimes there is a suspicion that men in other clubs purposely miss to get an excuse to eat in Hamlin.

Goodson Sellers Made WTU Manager At Rule

This week Hamlin is losing a fine young family to Rule. We refer to Goodson Sellers and family, who have made their home in Hamlin since 1938. Mr. Sellers has been Cashier-Bookkeeper for the West Texas Utilities Company in Hamlin and is being promoted to a managership at Rule.

Both Mr. and Mrs. Sellers and their little 10 year old daughter, Bobbie Starr, will be missed. During the time this family has lived in Hamlin, they have been active in Sunday School and church work and in civic and social circles in Hamlin.

Blakeley Campbell will become Cashier-Bookkeeper in the Hamlin office, taking the place vacated by Mr. Sellers.

CORRECTION

In last week's Herald in listing committees for British War Aid, through error, we named Mrs. Holly Toler, chairman of knitting. The chairman of this committee is Mrs. Garland Tumlin, and can be located at the Day Hardware Store.

Mrs. Tumlin will be glad to give information to any one who wants to help in this work.

Miss Wilma Reynolds returned Saturday from Austin where she had been for several weeks visiting her sister, Mrs. Clyde La Motte.

Winnie Faye Hassen, ninth grade student of Hamlin High school, recently designed a fire prevention poster which was selected by the State Department of Public Safety for use in fire prevention work. The poster which is on a circuit exhibit of the state, is now on display in the lobby of the library of East Texas State Teachers College, at Commerce.

This Glorious 4th of July Finds Hamlin Very Quiet, Contented

One of the esteemed and highly honored pioneer women of Fisher County and Hamlin, Mrs. F. I. Walker, passed away at 11:05 Friday morning, June 27, at the age of 84 years, 1 month and 30 days.

Mrs. Walker had been in declining health for more than a year, and had suffered a heart attack last week but appeared to be better by Friday, when a relapse came. She and her late husband, pioneered in Fisher County, where he occupied positions of honor in that county and later in the City of Hamlin.

Funeral services were held Sunday afternoon, in the Methodist church, of which Mrs. Walker had been a long, faithful member. The pastor, Rev. Harrell, spoke tenderly of her long and useful radiant life as a mother and Christian character.

The funeral was under the direction of the Barrow Company, and interment was in the Afton Cemetery by the side of the companion.

Twenty-four Lions and guests met Tuesday noon at the Model Hotel to greet Henry Albritton, incoming president, and his staff of officers.

Lion Haskell Carter, program chairman, presented Mrs. Lee Walker of Stamford, hostess to the cowgirl sponsors at the Cowboys Reunion, who spoke briefly about the Reunion celebration program. She then presented Miss Betty Jane Blackwell, Stamford sponsor, and a talented reader, who gave "The White Cliffs," by Alice Duer Miller. Louie Hardy was a visitor from Stamford.

A constructive program of work for the Hamlin club has been outlined, all committees appointed, and a successful year is anticipated.

Dear Mr. Pope:

We are having a benefit party, Friday, July 11th, 8:00 o'clock P. M., for the 4-H Club girls of McCaulley that were selected to go to the Junior Short Course at A. & M. College, College Station, Texas. There were four girls from McCaulley selected out of nine in the county that may go, and the elected sponsor to go on this trip was also from McCaulley.

Everyone is invited provided they bring one dozen eggs or 25c. There will be lots of fun for everyone.

A FINE SON

Mr. and Mrs. B. B. Campbell are parents of a fine son, born on June 23. His name is Ben David, and he starts off weighing seven pounds. This happy event for Mr. and Mrs. Campbell could have been told a week earlier but B. B. didn't get back to earth till about the end of that week. Campbell has not decided yet whether the son will be a banker, a postal clerk or an electrician. Mrs. Campbell, before her marriage was Eva Ruth Willingham.

Mr. and Mrs. R. E. Johnson To Make Home In Stamford

For many weeks in the past, R. E. Johnson has been busy constructing a beautiful new home in Stamford, and this week all things were ready and so again Hamlin has lost another good family to a neighboring city.

Mr. Johnson has extensive cotton interests in this section of West Texas and hereafter will operate out of Stamford, while his associate, L. H. McBride, will continue the Hamlin office.

Mr. and Mrs. Johnson have lived in Hamlin several years and have made many friends in this section. Both of them have proved valuable in church and civic affairs. Mrs. Johnson has been very active in club work here, as well as Sunday school and church work. Hamlin is likely to see them quite often, as the distance is short and the ties of business and friendship are not so easily severed.

Herman Birdwell Was Buried Last Saturday

Herman Birdwell, son of Mrs. W. H. Birdwell, formerly of Hamlin, died at a hospital in San Angelo, last Friday at 4:40 P. M. Age 30 years, 9 months and 17 days.

Burial was in the East Cemetery, Hamlin, Saturday afternoon, at 3:30 following the funeral in San Angelo at 8:30 that morning. Final rites were in charge of Minister Bruce Proctor of Hamlin.

Herman was born in Hamlin, September, 1910. He had not lived here permanently for many years, but often came back to visit and sometimes to supply as a market man in the Safeway Store. At the time of his death he was the market man for the Nuway Store in San Angelo. His death was the result of a prolonged and complicated case of appendicitis, and according to reports, his death came rather suddenly.

The survivors are his wife, his mother, Mrs. W. H. Birdwell; Four sisters, Mrs. W. L. Fletcher, Jr., of Hamlin; and Mrs. A. V. Milsap, Mrs. O. B. Stephens, and Mrs. A. C. McAllister, all of Abilene; and one brother, Armond (Pig) Birdwell of Carlsbad, New Mexico.

He had been a member of the Church of Christ since early in life. The burial arrangements were under the direction of the Barrow Company of Hamlin.

The Herald anywhere 1 yr. \$1.00

While in other sections of the world millions of men and even women are engaged in actual combat in a life and death struggle, listening to the buzz and bang of fighting planes, dodging into dark, damp holes in the ground, and receiving news of the slaughter of thousands of helpless soldiers, men, women and little children, HERE IN HAMLIN all is peace, quiet and contentment as the glorious sun lights up the FEW national flags in front of business houses and a far less scanty few homes. IT IS a glorious FOURTH for all who love freedom, peace, quiet and security, but how few of us Hamlin folks make any pretense to show our feelings? How few?

Maybe we Hamlin folks have fallen into the habit of taking things "as a matter of fact" and let it go at that. Only one business firm in Hamlin has indicated through the press, that they recognize this Friday is the 4th and that it stands out not only in this nation as the greatest day of civil liberty, but of all the world. Of course it is not necessary to shout your feelings from the housetops, either to prove your religion or your patriotism, but it IS a mighty good thing to make appropriate outward expression of what feelings prompt your life.

Hamlin has ceased to circulate a petition to ask business houses to close on July 4th. It would be just like telling a sensible man (Sunday had come and "let's close."

The Herald, like some papers we know of, could have high-pressed our merchants to "advertise" and show the world that their business will recognize the FOURTH, but in such action, some puny person would say, "you just want to increase your business." So we presume visitors will find Hamlin closed THIS DAY, except some places not expected to "jam up." Hamlin people will enjoy relaxation at home, or perhaps out on the lakes resting and fishing; maybe will take in one or more of the many rodeos that are so popular over West Texas.

It would be appropriate for general public outburst in every community, of unbounded patriotism THIS DAY. Before another 4TH comes around this world of nations will no doubt be much different to what it is today as the sun came over the eastern boundaries. It is hard for Americans to evaluate their heritage, their position on the globe, their responsibility and the necessity for them to go along closely knit into one great people for one noble purpose, and to do that such a morale can best be built up by giving sway to outbursts of that inner feeling within our 135 million breasts.

If you are near your radio, prime up your hearts by listening to oratorical rehearsals of American opportunities and privileges. Listen to the stirring music, and be glad if nothing else. Watch and count the beautiful flags.

Mary Ann Terrell, of Monahans, came Wednesday for a two weeks visit with Elizabeth Butcher.

What DO YOU Think?

O-O-O-O

Echoes, Ye, Echoes—

—An Echo says Webster, is when one hears his own voice by a reflection of sound waves or what one copies as opinions of others.

—Sometimes we hear the words "reverberations of thunder".

—This week we are hearing echoes, and reverberations of the senatorial campaign. So it is to be expected that most newspapers will have "reverberations" on the race that was so strange and so confusing.

—Twenty-nine candidates are too many for any office. But out of the 29 only four counted. The highest outside of the FOUR received only about 1001 votes. The latest count was a total of 571,095 votes, distributed as follows:

O'DANIEL 175,368
JOHNSON 174,273
MANN 140,853
DIES 80,601

This gives Mr. O'Daniel 1095 more than Johnson, unless there is found an error. The official count will be made next Monday or Tuesday, and the State Canvassing Board is O'Daniel, Mann and the Secretary of State (an appointee of the Governor). Perhaps this is the first time in Texas history where such a close election must be canvassed by persons so personally concerned. The count of the Texas Election Bureau is likely to be fairly accurate.

—Again Texas people, and especially peoples all over the United States are asking, "What is it that O'Daniel has that appeals to Texas people, more than the native sons?"

—We believe we can answer that question. First, Mr. O'Daniel has talked long and much over the radio, has used a peculiar sympathetic tone, has been keen to respond to the hearts of people who have been bereaved, or fearing for their security, has entertained as well as flayed the "politician". Mr. O'Daniel has made many promises that seemed real to the people, and has indicated their trouble has been in the boots of the past and present office holders whom he calls "professional politicians". All this has appealed to many thousands of people. Mr. O'Daniel now promises to go to Washington and turn on the "heat", and if we remember his "threats" he will soon be twisting the tails of the old dependable and honored giants of government like Connally, Rayburn, Jesse Jones and a lot of other old-line faithfuls. Maybe that was just his talk to entertain the people.

—Mr. O'Daniel actually lost many votes from his old people friends in Texas because they sincerely did not want to see him leave the state. Yes, they will miss his voice on Sun-

days, will not hear his poems and his songs, and lambasts of politicians . . . his technique conceals his own political cunning.

The "common people" will be a little farther away from O'Daniel when he gets to Washington, but the distance will be too great for them to go. Maybe he will educate (?) the Texas people about the misgovernment in high places, and keep up his radio messages over a great network. Maybe he will find that the men he finds in the Senate will be more than able to run peanut stands. Here is hoping that our new Senator will have a chance to push along the welfare of the greatest government in the world. He will have one full year before another general election.

—The three young men defeated by the Governor have lots of time yet to serve the people of Texas. None of them need be down-hearted. All of them have jobs on hand to do. Mr. Mann asked for and was given a State job that lasts 18 months yet. So did the Governor, but his seat will be filled by a native born, highly capable man, Lt. Governor, Coke Stevenson. Mr. Dies was not turned down. He was just "let alone". He still has a job to do. There is plenty of "Un-Americanism" even down here in Texas to sniff at yet.

—Now as for Mr. Johnson, he too has a job, and what a job! He has lost no glory in the campaign. The thing which beat him, was too much harangue about being the President's pet. Johnson is no more a "yes man" than every loyal Democrat, or Republican in either the House or the Senate. All of us are "yes" citizens as for that matter if we realize the importance of following a leader in the protection of our nation. It is no time to be a "no man". There are quite a few "no" fellows like Wheeler in the Senate, whose every act and word indicates he is a Hitler stooge in a high spot.

—Many Texas people thought there was to be a "run-off" vote after last Saturday. No, there is no law for that, yet. Even the victorious believe a man should be elected by a majority, in all elections. Mr. O'Daniel received 175,368 votes, while all the others around 400,000.

—Leaving about 225,000 more votes against him than was for him. It gives an office holder strength to realize he has a big majority sending him to the Capitol. Yes, a majority vote should be the law.

CHURCH OF CHRIST

(John B. White)

The good news of the Gospel of Christ is now available for every living creature. The arrangement of providence, however, provides that before a soul can be gladdened by it, it must first learn of the Master. Christians are supposed to teach and exemplify Christ to the world. We have a grave responsibility of teaching our children. If we fail in this, can we claim a reward in the end? Do you have children, relatives, friends who are not being taught the truths of the Gospel? The Church of Christ strives at every service and upon all occasions to give instructions in New Testament Christianity. Everyone is extended a cordial invitation to study with us. Our services include the following:

SUNDAY—Bible study at 10 A. M. General assembly at 11. Communion at 11:50. Young People's study classes 7:30 P. M. Evening study and worship 8:15 P. M.

MONDAY—Ladies' Bible class at 3 P. M.

WEDNESDAY — Mid-week service 8:15 P. M.

Mr. and Mrs. Vernon Harris of Bonham came back home last Wednesday to visit their father, W. S. Peacock and other relatives.

Memorable Passage: "Son, it is more essential that you be courteous and a gentleman always than it is that you be brilliant."—Col. Paul Wakefield.

Mrs. Ruby Acuff Carpenter and son J. E. Jr., of Fort Worth, are at the home of her mother, Mrs. N. M. Acuff for several days' visit.

Hamlin Vote Last

Saturday Very Light

For U. S. Senator

The little ballot containing 29 names, two of which were Republicans, one Independent and one Communist, and all the others Democrats, wanting to be Senator, proved more troublesome than was expected. It would seem some people just can't understand that they must "MARK" their own ballot, meaning that all one does not want must be marked out. That means Party lines as well as individual names. But in Hamlin only a slight few ballots were left improperly voted, and none were found in West Hamlin.

HERE ARE THE BOXES:

WEST HAMLIN:

Johnson 85
O'Daniel 62
Mann 50
Dies 21

EAST HAMLIN:

Johnson 42
O'Daniel 41
Mann 10
Dies 6

NEINDA BOX:

Johnson 18
O'Daniel 23
Mann 10
Dies 2

SOUTHSIDE (Stonewall):

Johnson 3
O'Daniel 2
Mann 1
Dies 0

HITSON (Fisher):

Johnson 20
O'Daniel 14
Mann 5
Dies 1

So the story may run much the same in most of Texas, EXCEPT that when the whole state is counted, officially, it would appear NOW that Mr. O'Daniel, at the bat for the third time, made his score only by a hair's thickness.

The closest and strangest race in Texas has just closed.

O. D. Conner Making

Progress As Soldier

Camp Wolters, Texas,
June 28, 1941

Mr. Bowen Pope:
Editor Hamlin Herald,
Hamlin, Texas.

Dear Sir:
The following is some news about one of your local boys who has made good in the army, and I am sure that his parents and friends in Hamlin will be glad to hear the good news:

On the 19th of June, O. D. Conner, DEM., Regular Army Reserve, son of Mr. and Mrs. Thomas B. Conner, Sr., of Hamlin, now on active duty at Camp Wolters, Texas, since February 6th, was promoted from Private First Class Specialist Third Class to Private First Class Specialist First Class, which is the highest Specialist rating in the army.

Conner started his army career in July 1930, enlisting at Houston, Texas, for the 1st Field Artillery, serving five years with same. When the 77th Field Artillery was organized at Fort Sill, Okla., Pvt. 1 cl. Conner was one of its first members, being transferred from the 1st Field Artillery. He served as Battery Clerk in Battery "B" 77th Field Artillery until he was discharged in 1938, going into the regular army reserve inactive. While serving at Fort Sill, Conner met, and married, Miss Edna L. Logan, of Lawton, Oklahoma, in 1936. They now have two children, Miss Rose Marie, age four years, and Master Thomas Burton 3rd, age one year. They now reside at Mineral Wells, Texas.

Conner's first duty at this station was clerk in the Personnel Section, Corps Area Service Command for two weeks, being then sent over to the Personnel Section of the Infantry Replacement Training Center, for one month. Then back to the Corps Area Service Command to take over as Chief Clerk of Camp Headquarters, which job he filled until about April 28th, when he became Chief of Publications. At the present time Conner is the Recruiting Clerk in charge of Recruiting at Camp Wolters, being transferred at his own request from Camp Headquarters, on June 12th.

Respectfully yours,
Harry K. Westerman,
1st Lt., Infantry
Recruiting Officer

BAPTIST CHURCH

We begin the last quarter in our Sunday School year next Sunday. Only three more months, and our record will have been completed for this associational year. What shall our record be? We have averaged 281 thus far this year. By making the coming quarter one of the best, we can raise this average to near 290. Let's do this, not for numbers' sake, but that more people may receive instructions.

Sunday morning the pastor will bring a message he is anxious for everyone to hear. He will speak on "The Sinfulness of Sin." In this day when sin is regarded as nothing more than an upward stumble in progress, we need to consider what the Bible has to say about this subject. Of course, if you don't believe the Bible, this message will mean little to you. But if you are convinced that this book, which has stood the tests of ages, is the very word of God, then you owe it to yourself to hear what is said about sin. We urge you to be with us.

Our Vacation Bible School begins the 14th of this month. Miss Bobby Jo Cox will be with us again to direct the school. We want every boy and girl between the ages of four and fifteen to make plans to attend every day. These schools are unusual advantages for children. You will want to send yours. Our school last year enrolled over 200, and averaged over 156. We want the school this year to do even better.

Don't forget Training Union and Evening Service. Training Union comes at 7:15. Evening worship at 8:15. Mr. Smith will perhaps have our new orchestra in the service Sunday night. You will want to hear these boys and girls.

H. E. East, Pastor

Mr. and Mrs. Conrad Barton of Dayton, Texas, are in Hamlin for an extended visit.

Miss Maxine Brundage, accompanied by Miss Mary Jane Jones of Anson, is in Chicago for several weeks' visit with her aunt.

Keep Main Street Facing Forward

A Tribute to the Retail Merchants of this Community

Each of us has an obligation . . . a real debt to the merchants of HAMLIN. Year in and year out, they bear a fair share of the tax load. Some of them pioneered this town. They've molded it into what it is. On their counters and shelves, you find the quality products of the world . . . selling at fair prices.

Let us bear in mind that the dollars we spend with our local merchants stay within the community circle. "Trade at home" is no idle phrase. We urge every citizen to do his or her part in "Keeping Our Main Street Facing Forward." And, in the field of printing, keep your jobs in HAMLIN.

I GIVE YOU TEXAS

(By BOYCE HOUSE)

Writing a "column" is no picnic. If you print jokes, folks say you are silly; if you don't, they say you are too serious. If you stay in the office, you ought to be out rustling news; if you get out, you are not attending to business in the office. If you wear old clothes, you are broke; if you wear new clothes, they are not paid for. What in thunder is a poor columnist to do, anyhow? Like as not, someone will say I swiped this from some paper. I did.

The recent reunion of Texas veterans of the Spanish War brings to mind a speech made at such a gathering by eloquent Ralph Yarborough of Austin:

I am proud to be privileged to meet here today with Americans who marched under Fitzhugh and Fighting Joe Wheeler in Cuba; who conquered Porto Rico under General Nelson Miles; who captured Manila with General Merritt; who charged with Colonel Leonard Wood and Colonel Theodore Roosevelt and their Rough Riders at San Juan Hill; who sailed with Dewey at Manila, and with Schley and Sampson at Santiago; and with Captain Philip on the Battleship Texas when he humanely said, "Don't cheer, boys; the poor devils are dying." You served with Lieutenant Rowan, who carried the message to Garcia, and you heard the explosion of torpedoes when Hobson sank the Merrimac. Truly, you remembered the Maine!

No mere Summer patriots or sunshine soldiers could have endured the hardships. You fought with black powder, impure food, antiquated guns and poor equipment. The heaviest death rate an American army ever had in any war was your sacrifice.

You marched through the streets of cholera-ridden Philippine towns, and struggled through yellow fever-infested Cuban swamps more deadly than bullets from Spanish guns, but the abolition of yellow fever and the control of cholera are part of your contribution to American civilization.

You took the oppressor's hand from the "Children of the Sea" and gave them the beneficent protection of the only great nation in the world that lives under a written constitution. When you placed the flag on an island's fortress, you nailed the Bill of Rights in that island's courthouse.

By the Oregon's 17,000 mile voyage from San Francisco to Key West through the storm tossed Strait of Magellan, you dramatized a dream and made the Panama Canal a reality.

Your devotion and bravery gave to this nation Porto Rico, Guam, the Philippines, Hawaii and many smaller islands in many seas. The property value of these islands has been placed at eight billion dollars. But the worth of the property that you won is incalculable in today's world. You gave the American Navy resting places in the two great oceans. Your islands are America's life belt. They protect the Panama Canal; they guard the cross-roads of the Pacific. Without these fruits of your victories, Japan would be at our doorstep. With your victories, we have Japan on a leash.

You had the vision to secure islands suitable for air bases before the airplane was invented. Had these islands remained Spanish property, they would today be under control of the Axis Powers and would be a Damoclean sword over our national destiny.

You volunteered not alone for the struggle but for all time. You never retreated in battle; you will naturally oppose any retreat by the American flag today. Where your valor planted the flag, it must remain. There shall be no Munich of the Monroe Doctrine, International

Winner Announced In Old Bill Contest

Miss Mary Ledbetter, of Quanah, submitted the winning entry in the "Old Bill" contest conducted by the West Texas Utilities, according to Mac Brundage, WTU local manager, who said the \$50 first prize was won on an entry dated in December, 1904.

Prizes of \$5 each go to the following for the ten next oldest bills entered in the regional contest:

E. I. Jackson, San Angelo, for bill dated October, 1906; Mrs. Wiley Jones, Baird, September, 1908; Mrs. B. F. Denny, Memphis, January, 1909; Mrs. W. C. Dickey, Memphis, March, 1909; Mrs. Dallas Scarborough, Abilene, September, 1909; Mrs. Frank Easley, Quanah, January, 1910; Mrs. A. V. Smith, Abilene, February, 1911; Mrs. L. E. McCurdy, Vernon, April, 1911; Mrs. Fred Williams, San Angelo, June, 1912; and D. M. West, Miles, February, 1913.

Miss Ledbetter's entry, rendered to her father, a pioneer of Quanah, whose house was second to be wired for lighting in the town, shows that he paid a flat rate of \$5 monthly—payable in advance. It covered lights only and she recalls that they were on only a few hours each evening. Miss Ledbetter also remembers that:

"... The plant was a very small affair and when we had a thunder storm the light went out and we used a coaloil lamp which was kept ready for these occasions."

Nearly 300 old bills were entered in the contest, 69 of which were dated in 1920 or earlier. Just outside the winning margin were H. L. Adams, of Dalhart, with a May, 1913 bill; and L. L. Welsh, Abilene, with one dated September, 1913.

Six entries were dated in 1914—27 years old. Five were dated in 1915; 10 in 1916; 9 in 1917; 6 in 1918; 8 in 1919; and 11 in 1920.

"We want to thank every one who sent in old bills," Brundage said. "The information they contain and the letters telling about service in those days will be very valuable in collecting historical facts about the development of the electric industry in this West Texas country."

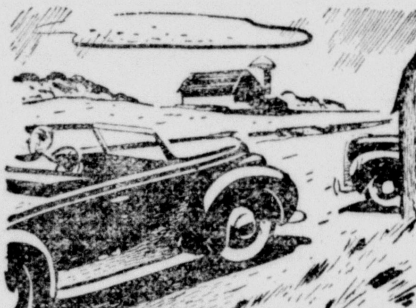

All bills, he said, will be returned as soon as possible.

How to become A SKILLED DRIVER

FORD GOOD DRIVERS LEAGUE

WATCHING THE ROAD

Skilled drivers always keep looking ahead. They don't "rubber" because there is too much at stake. For example, if you are driving 40 miles an hour, your car is traveling 59 feet a second. Shift your eyes from the road for 59 feet—or one second—and anything can happen. Make it a practice never to look around at the "sights." Otherwise you will be inviting an accident.

There is no argument on this point: YOU MUST keep your eyes and your mind on driving AT ALL TIMES.

Marriage Account Not Printed This Week

The Herald regrets to announce the holding from print of an account of a marriage of a popular young lady near Hamlin that is reported to have occurred a week ago.

We feel pretty certain that it is true, YET we have no proof that it is true. It is a rule of all newspapers, that wish to keep out of the courts for libel, to have all communications vouched for by some one who bears the responsibility for the report.

Sometimes pranks are pulled or folks and the newspaper is made the goat. It is a serious thing to play jokes on people through a newspaper, and thus again, we must urge signatures to all communications. We shall give liberal and full publicity to all community news, especially marriages, even in the case mentioned above, when properly vouched for. We are sorry in this case.

How to become A SKILLED DRIVER

By RAY W. SHERMAN

Courtesy of the

FORD GOOD DRIVERS LEAGUE

Driving at 30 miles an hour into another car coming from the opposite direction at the same speed is like driving a car off a three-story building.

KNOW THE LAWS OF PHYSICS

A thorough knowledge of the laws of physics comes ahead of actual skill in handling a car.

How many drivers realize as they turn a corner that two tons of weight want to keep on going in a straight line? Here are a few of the important things to remember about the laws of physics:

At 25 miles an hour a car has developed enough energy to roll over once. At 50 it has developed not twice but four times the energy—enough to roll over four times. At 75, it has developed not three times but nine times the energy—enough to roll over nine times.

At 25 miles an hour you can make a fairly sharp turn; at 50 only one-fourth as sharp; at 75 your turn can be only one-ninth as sharp as when you were going 25.

It requires 80 feet to brake a car going 20 miles an hour, and four times that, or 120 feet, to brake it at 40.

Gather some profit to thy soul wheresoever thou be; so as if thou seest or hearest of any good examples, kindle thyself to the imitation thereof. But if thou observest anything worthy of reproof, beware thou do not the same.—Thomas A. Kempis.

Earn Miss Ledbetter's Praise in Winning Letter

(The following letter accompanied Miss Ledbetter's "Old Bill" entry)

"Many wonderful improvements have been made since 1904. Then we had lights only, costing five dollars monthly in advance. We used about ten kilowatt-hours, a rate about ten times as high as today.

"The West Texas Utilities since has become one of the finest institutions any town can have. They give the best of service. They've lowered the rate until today electricity is a small item compared to other living costs.

"They're worthwhile, essential citizens and taxpayers—taxes helpful in operating our city government, schools, and in maintaining streets and highways and for their individual support of churches and every worthwhile civic undertaking."

To learn the value of modern-day, improved Electric Service, ask those who remember when electric lights first came into usage. Miss Ledbetter's home was the second in Quanah to be wired. She recalls that: "The plant was very small and when we had a thunder storm, the lights went out and we used our coal-oil lamp which was always kept handy for these occasions." Electric bulbs were of 16 candle-power size. The Ledbetter home had ceiling drops with two of these tiny bulbs to the room. The cost of \$5 monthly for lights alone compares to today's average cost of less than 10c a day in a majority of homes which also have irons, sweepers, radios, refrigerators, and other time- and labor-saving appliances.

For British Aid

The quilt committee, with Mrs. J. E. Moody as general chairman, is divided into groups with each group a chairman. These women's purpose is to help or supervise groups that they might soon help in their own way to aid the British, by donating quilt scraps, old quilts or blankets or by making quilt blocks, helping to put them together or quilting.

If anyone has scraps, good used prints or any thing already mentioned, please carry them soon as possible to Mrs. Wilson's Book Shop or notify any of the following women chairmen and they will send for them by some of their group.

This work includes every woman and child of this town and surrounding community. So, if you want to work for this, our duty and privilege, contact the following chairmen in which ever group you think you belong:

Mrs. Mary Farrow, who has charge of the ex-high school graduates and college group.

Mrs. Landon Davis, the High school girls and recent High school graduates.

Mrs. Wiar, the young ladies, which includes the young business girls, teachers, etc.

Mrs. Butcher, the younger children from about 8 to 13 years of age.

June Marriage Announced

Mr. and Mrs. W. J. Reynolds are announcing the marriage of their daughter, Mary Louise, to Clyde La Motte, son of Mr. and Mrs. A. La Motte, of Guion.

The wedding rites were read by B. D. Shilling, Church of Christ minister, in his home in Austin on June 14, before a flower banked mantel.

The bride's dress was of navy Alpaca, and her accessories were navy and white. She carried a bouquet of pink talisman roses.

Only relatives and close friends attended the wedding. Immediately after the ceremony the couple left for San Antonio. For going away, the bride wore a pink suit with blue accessories.

Mrs. La Motte is a graduate of Hamlin High school, completing her work in 1934. She attended Abilene Christian College from 1934 to 1937 where she was a member of the Ellen H. Richards Club, the dramatic club, the Trailblazers, and the Acapella chorus. Since that time she has been employed by the Bell Telephone Co.

Mr. La Motte was graduated from Ovalo High school in 1932 and attended Abilene Christian College for two years. He later attended the University of Texas, from which he holds a bachelor of journalism degree. He was sports editor of the Daily Texan, student publication, and was reporter for the University News Service. He was a member of Sigma Delta Chi, professional journalism fraternity, president of the University Press Club, originator of Journalism Day on the campus, and served on the Students assembly, inter-city council, and athletic council. He was listed as an outstanding student at the University by the Cactus, school yearbook.

In April, 1940, he began working as reporter for the Austin Daily Tribune, and is now with that paper. The couple will live in Austin.

Miss Sarah Opal Dunn Married Sunday to Mr. H. Travis Dickson

Miss Sarah Opal Dunn, daughter of Mr. and Mrs. Drew Dunn, ranch people 11 miles northwest of Hamlin, was married Sunday, June 29, at 6:45 P. M., to Mr. H. Travis Dickson, in Abilene, at the home of Mr. and Mrs. J. C. Harris. The Rev. Norris Gilbert of Jayton officiated in a ring ceremony.

Mr. Charles McLaughlin sang "I Love You Truly," accompanied on the violin by Miss. Gene Moutray, who also played the wedding march. The bride wore a dress of navy sheer with white accessories and a corsage of pink carnations.

A recording of the wedding was made by Mr. Malcolm Maley and presented to the bride and groom for a wedding present.

Following the ceremony the couple left for a wedding trip to Dallas, Corpus Christi, and Carlsbad Caverns.

Mrs. Dickson recently graduated from Hardin-Simmons University, majoring in Home Economics, and had previously graduated from the Kingsville High school. She had not spent much time at her parents' home northwest of Hamlin, as she was a student in the university the past four years, and only a part of her vacation was on the ranch.

Mr. Dickson is a son of Mr. and Mrs. L. W. Dickson of Roby. He is also a graduate of Hardin-Simmons University, and is Superintendent of the West-Way school at Hereford, Texas, at which place they will make their home after July 15th. Mrs. Dickson will be a member of the faculty, in charge of the Home-making department.

Complimenting Mrs. W. L. Boyd, Jr., who before her marriage in Lubbock, June 15, was Miss Jean Conrad, Mrs. W. L. Boyd and Mrs. H. E. East entertained Wednesday afternoon with a tea in the home of Mrs. East on Jackson Avenue.

Guests were greeted by a receiving line that included Mrs. East, Mrs. Boyd, and the honor guest, Mrs. W. L. Boyd, Jr. Arrivals were presented to this group by Mrs. Henry Albritton.

Callers were directed to the dining room by Mrs. W. C. Russell, where Mrs. E. J. Whaley presided at the tea table. Refreshment plates were served by Mrs. Phil Sparkman, of Sweetwater, Mrs. Clyde Smith, Mrs. John D. Ferguson, and Miss Lois Ellen Stell.

Decorations arranged throughout the house for the occasion were unusually attractive, emphasizing a color theme of pink and white.

In the dining room the table was covered with white net and bordered with a daisy chain. Punch was served from a crystal bowl, encircled with pink and white sweet peas. The buffet held a large fan shaped arrangement of gladioli shading from tones of pink to white.

During the calling hours piano se-

lections were played by Mrs. Jack Russell. Mrs. Leon Thurman, of Anson was at the register, and good-byes were said by Mrs. Ira Clements.

Being Fair to Others

"Keep your charity, that is all I would say to you, keep it as your dearest possession. Judge no one; you do not know what troubles have been theirs, what temptations—and there will be flowers even in the dreariest piece of ground, if only we sow the seed." — Hugh Walpole.

The praise of others may be of use in teaching us, not what we are, but what we ought to be.—Hare.

NEW OIL BEATS
five other big-name brands in
TORTURE-TEST
Endures Sizzling Death Valley heat for
13,398 MILES ON ONE 5-QUART FILL

How this Certified Record can spell new Oil-Savings—new Engine Safety—for You

You get the oil that outlasted 5 other highly reputed brands by 74% to 161% in Certified Competition, when you change to this proved-in-advance new oil named

CONOCO Nth MOTOR OIL —Popular-Priced

Your own engine can be fortified by new Conoco Nth motor oil right today, at Your Mileage Merchant's Conoco station. But before going on sale this new oil proved that a regular 5-quart fill could establish startling extremes of endurance, protection and miser-economy.

Fantastic Death Valley brings Your Evidence

Death Valley seems to shimmy—like heat at your furnace door. And down on this desert impartial observers watched 6 identical stock cars run at 57-mile speed, torture-testing 6 quality oils including new Conoco Nth oil. No let-up, day on day, till each oil gave out and junked its engine.

Even the best competitive oil in the test was outlasted 5,683 miles by Conoco Nth oil. And one "rival" was

outlasted all of 8,268 miles by new Conoco Nth oil. Certified.

All this New Economy how?

America has long known Conoco best for making it possible to give any engine OIL-PLATING...lubricant that can't all quickly drain down, but must stay PLATED UP—alert against wear in advance—not waiting till oil-flow starts. OIL-PLATING comes from a rare synthetic...man-made under the Conoco Germ Processed oil patent. And Conoco Nth motor oil still brings OIL-PLATING—but not only that!...

In addition this new oil brings Conoco's latest synthetic—Thialkene inhibitor. It inhibits—controls—the effect of foul "leftovers" produced by every engine's normal firing. Otherwise uncontrolled oil spoilage could easily start. In oils that let this spoilage start, it spreads like a rumor—gets worse, faster and faster. But now that's nipped in the bud by Thialkene inhibitor, in new Conoco Nth oil... U. S. Patent 2,218,132. This oil stays more like its own good self. Then your engine will, and that saves oil... as demonstrated by the long life of Conoco Nth in pitiless Death Valley.

You'll never give your own engine such a "trial by torture." You wouldn't pass up your regular time for draining. Authorities say, "Don't!" But you can

CERTIFIED I hereby certify that the Death Valley Test and related work were thoroughly and fairly conducted. Engine Destruction occurred in each case at the mileage stated.

Mrs. Sim Reeves and children who have been visiting parents in McCauley, have moved from near San Antonio to Ballinger, Texas.

Mr. and Mrs. Louis Yates of Brady, Texas, are visiting relatives and friends in McCauley.

Mr. and Mrs. C. P. Yates and Betty Miers made a trip to Dallas last week.

Raford Mustain and sons were visiting his mother and other relatives in McCauley last week. Mr. Mustain lives in Dallas.

L. B. and N. D. Miers made a trip to Jourdanton, Texas, on business last Sunday.

Mr. and Mrs. F. W. Poe of Neinda visited relatives and friends in McCauley last Sunday.

An oil well on Pink Maberry's farm between McCauley and Sylvester, is said to be a good one.

C. D. Jones, Joe Skaggs, George Maberry, and Bill Anders were on a fishing trip near Breckenridge last week and we are told they had good luck.

The folks are so busy in their crops this week that we haven't been able to gather much news, and too, this scribe has been rather busy measuring government land and if we have left out anything we will get it in next week's edition.

O-O-O-O

The war is raging across the pond and the Senate race in Texas has boiled down to a nip and tuck horse race between Lyndon Johnson and Governor O'Daniel. At this writing we won't try to predict the outcome, however for the first two days it looked as if Mr. Johnson would win. Anyway, if the Governor wins, he will know he has been to a horse race and he likes a lot being as popular as he was when he ran for Governor. As we have said before, if only two of the top men had drawn out of the race, Mr. O'Daniel would have been a badly beaten man. If W'Lee goes to Washington to pester the President, then we can't help it, and our sympathy goes out to the folks in Washington, that is, if they don't like hill billy music.

Gerald Mann is a cinch to win the Governor's chair two years hence if he chooses to run. One thing we can say for Jerry, he ran a clean race and the people of Texas won't forget him. The best thing for all of the people in these United States is to settle down and try to win the war and when Americans try they always win. Maybe Secretary Knox of the navy was right when he said that we should send our navy across the pond. It's a cinch that we are going to be in a tight spot if we let England down.

July The Month To Transfer Children

Parents of children living in the school districts in which their children's grades are not taught, should make application to have their children transferred to some district in which their grades are taught. This is imperative and must be attended to prior to August first.

All children who have completed the highest grade taught in their home school, and who expect to attend a school of higher classification than their home school, should be transferred prior to August 1st.

Children whose grades are taught in their home districts are to not be transferred, unless it can be shown to the County School Board that it is impracticable to send such children to school in their home district.

If the children whose grades are taught in their home district are transferred to the accredited schools of Jones County, then the parents of such children will be responsible to the receiving school for the full amount of their transportation, and for their tuition less the per-capita money as applied thereon.

A child must first be enumerated before he can be transferred. It is necessary for a child, whose grades are not taught in his home school, to be transferred each year; provided, he attends a school other than he one in his home district.

Letter From Soldier

San Diego, Calif

June 25, 1941

Dear Mr. Pope:

I received a clipping from the Herald last week. You don't know how much you can appreciate the news from home until you get away where you never get a chance to read it.

I am in the Coast Artillery, and this camp is only a quarter mile from the ocean, and 12 miles from San Diego. This is a great state for its beauty, but I will still take Texas and good ole Hamlin.

Keep the good work going, because it really helps the boys away from home.

Just a soldier,
